

PSW525

This projector-speaker sounds just as courteously as it looks. The cylindrical body[®] was developed to be able to transfer the sound vibrations across an as great as possible distance. The sound vibrations are encapsulated in a bundle that is trusted, ensuring that ambient noises will not disrupt the message. This speaker is suitable for background music and/or functional sound (e.g. notices)

The PSW525 has a remarkably organic shape, which makes it unique. Also the sound is very powerful, thanks to the 5.25" woofer, and it easily fills any (industrial) space. The included bracket allows for any kind of suspension.

COLOURS

TECHNICAL SPECIFICATIONS

range	>40m ²
sound quality	allround
system	-
woofer	5,25" paper cone
tweeter	-
bass reflex	-
magnetic shielded	-
max. power (100V)	5 - 10 - 20W
max. power (8Ω)	40W
sensibility (1W / 1m)	92dB
frequency range	160Hz - 12kHz
dimensions (Ø x d)	169 x 217mm
weight / piece	1,6kg
housing	ABS
colour	white
waterproof	IP66
frost-free	yes
suspension	wall-bracket

The unique integration of the grille ensures seamless appearance and sound.
