

PWR04

The PWR04 is a portable water-proof Bluetooth speaker that treats you to a surprisingly full and deep sound. It keeps highs and lows perfectly balanced. With its cylindrical design, music sounds equally loud and clear from all sides. Built-in LED light adds to the visual experience. By the way, the PWR04 can take a beating: the weather doesn't matter as it is level IPX6 waterproof. And as if that were not enough, you also get: TWS technology to pair it wirelessly and a power bank to charge your devices. Everything about this speaker is top quality.

Sound that can be heard and seen.

Pair two speakers for stereo sound
